

Press Release

Change in the Management Board of heroal

Dr. Max Schöne to join Management Board

Verl, January 2020. With effect from January 1, 2020 Dr. Max Schöne joined the Management Board of heroal. As her successor, he has taken over Dr. Vera Schöne's responsibilities and together with the current Managing Director Konrad Kaiser is the fifth generation to lead this family business.

Dr. Schöne joined the company in 2016, and since then has gain extensive insights into the company in his role as Head of Company Development and has actively contributed to the company's further development in various sectors. "I look forward to continuing this path in the future, strengthening our position in the market and advancing our business together with our customers and partners", says Max Schöne. Particular attention is paid to high customer orientation, the further development of the extensive range of products and services and the optimal adjustment of organisation and processes. "We see various opportunities and a high potential for further development for heroal and our network of partners – which we would like to explore and use consistently in the next few years", continues Dr. Schöne.

Dr. Vera Schöne, who was a member of the Management Board of heroal for almost 20 years, will continue to support the company as a member of the Advisory Board.

heroal – the aluminium systems supplier

As a leading supplier of aluminium systems, heroal develops and produces perfectly coordinated systems for windows, doors, facades, roller shutters, roller doors and sun protection. Folding and sliding shutters, insect protection, terrace roofs and carports round off the product range. By minimising energy consumption during production, maximising energy conservation during usage as well as ensuring optimum profitability during system manufacturing and an increase in the value of the building, heroal system solutions make a significant contribution to sustainable construction.

Innovation, service, design, sustainability

The heroal brand represents system solutions that unite practical innovations, industry-leading service and high-quality design that can be sustainably integrated into any architecture.

Over 800 employees across the company work continually to further develop the systems and optimise the quality of heroal's service and performance.

The heroal brand stands for premium quality made in Germany – certified according to ISO EN 9001. heroal products and systems are produced and assembled exclusively at heroal's German production sites – at its headquarters in Verl and also in Hövelhof.
